

# Ready-To-Go News to Shine Your STARS

***Quality Element: Family Engagement***

***Topic: Appreciation for the work of volunteers***

## **Special Thanks to Volunteers**

Thank you to {**Parent/Family Names**} for volunteering with our recent {**Event/Meeting Name**}. About {**Number of People/Children/Families**} attended, and many said that they were happy to receive information and participate in fun activities to help their children learn at home.

{**Quote from Teacher and/or Director about how the volunteers are important in helping to promote the benefits of quality early education to families/the community.**}

Family engagement is one of several elements of quality we use to better serve your family. As a Keystone STAR {**Number**} quality-rated program, we know that most of a child's brain develops before age five and we seize this opportunity by talking with families and offering ideas to help keep children learning outside of the classroom.
