

## Keystone STARS Bonus Point Quality Initiative: PA Eco Healthy Child Care

### In which Keystone STARS Performance Standard will I earn bonus points for successfully implementing PA Eco Healthy Child Care?

Leadership and Management (2 points)

### How does PA Eco Healthy Child Care align with the Keystone STARS Performance Standards?

PA Eco Healthy Child Care supports Leadership and Management because it is an organized effort to promote environmental health improvements in early learning programs. Programs will be making their facilities and programs healthier resulting in a positive impact on the health of the children and program staff.

Through completing professional development courses, programs will focus on creating and maintaining an early childhood learning environment that addresses the range of environmental health topics including:

- Air Quality
- Integrated Pest Management
- Chemical Hazards
- Environmental Tobacco Smoke
- Water Quality
- Lead (soil, water, products)
- Sun Safety
- Radon
- Plastics
- Furniture and Carpets
- Playground Equipment
- Noise Pollution
- Art Supplies

This will reduce children's and staff's exposure to chemicals and pollutants and will support programs that sustain environmentally friendly practices (recycling, reducing paper use, purchasing sustainable products, reducing waste, etc.).

### What evidence should I expect to provide to my Quality Coach to show full implementation of PA Eco Healthy Child Care?

- Evidence of annual professional development for staff (minimum 2 hours per person) on environmental health topics, presented by qualified professionals or approved PA Key online module.
- Assessment using EHCC Checklist Self-endorsement is optional because of cost and extremely limited validation of checklist items. Fee: \$25.00 if 1 - 20 children; \$50.00 if 21 or more children.
- Policies in staff and family handbooks that are consistent with *Model Child Health Policies*, or equivalent, with inclusion of *Caring for Our Children* Standards.
